HOARHOUD CANDY.—The subscriber has
 recently been appointed agent for the sale of
 Pease's *Hoarhound Candy*. He could speak from per-
 sonal knowledge of its beneficial effects in cases of
 severe cold, coughs, &c., but, lest he may be deemed
 an interested witness, he adduces the following,
 among numerous other testimonies, to the same im-
 port:

Hermitage, April 17, 1843.
 I have the pleasure to acknowledge your kind fa-
 vor of the 1st ultimo, by the hand of my friend, Mr.
 J. Armstrong, and with it your most esteemed pre-
 sent, a package of your *Hoarhound Candy*, for which
 receive my sincere thanks. I can only add, that may
 thousands receive from its use as much benefit as I
 have done, then will its inventor go down to posterity
 as one of its benefactors.
 I am gentlemen, very respectfully,
 Your friend and obd't serv't,
 ANDREW JACKSON.
 Messrs. Pease & Sons.

Washington, April 6, 1843.
 The President desires me to return Messrs. Pease
 & Sons his acknowledgments and very sincere thanks
 for the box of Candy received at their hands. He
 has used it with much benefit to himself, as a remedy
 for cold and cough. I am, with very much respect,
 JOHN TYLER, jr., Private Secretary.

Albany, May 18, 1842.
 Gentlemen: You will pardon me for the delay in
 replying to your letter of the 14th ultimo, and ac-
 knowledging the receipt of a box of your Clarified
 Essence of Hoarhound Candy.
 Allow me to thank you for this kind respect, and
 to express the hope that you will be liberally patron-
 ized in your efforts for the public. The article is got
 up in beautiful style, and is highly commended by
 those who have had occasion to use it.
 Your obd't serv't,
 WM. C. BOUCK.
 Messrs. Pease & Sons.

City Hall, New York, June 27, 1843.
 Messrs: I have repeatedly used your Candy for
 coughs and colds, and always found relief, but official
 duties prevented me from writing to you before. But
 as I have lately been cured of the influenza, I cannot
 withhold from recommending the same to the public.
 I am yours, truly,
 ROBT. H. MORRIS.
 Messrs. Pease & Sons, 45 Division street.

Lindemead, Oct. 14, 1843.
 Gentlemen: I have to thank you for the box of
 your, I doubt not, justly celebrated Clarified Essence
 of Hoarhound Candy, and also for the very obliging
 terms in which you have been pleased to present it.
 I have not, I am happy to inform you, as yet had
 occasion to use it, but will do so when necessary,
 with a confidence in its efficacy which is well war-
 ranted by the experience of others.
 Very respectfully, your obedient servant,
 M. VAN BUREN.

After all, the best recommendation of it is a per-
 sonal application which he invites those afflicted with
 coughs and all public speakers to make. He will
 keep a constant supply at his Family Grocery Store,
 on 7th street, nearly opposite the Patriotic Bank.

DR. TAYLOR'S BALM OF LIVERWORT,
 prepared at 375 Bowery, New York, is justly
 celebrated as the most wonderful curative of pul-
 monary diseases in the whole range of pharmacy, some
 of our most respectable physicians use it in their prac-
 tice, prescribing it as the best of all remedies for pul-
 monary complaints and physical debility, and they
 unhesitatingly recommend it to be kept in every
 family of a consumptive tendency. It is universally
 received as one of the standard medicines of the day.
 The great merit of Dr. Taylor's Balm is, that in all
 cases of pulmonary complaints it gives immediate re-
 lief. A single bottle will, in most cases, reveal its
 astonishing virtues, and open at once the fountain
 of health and strength to the afflicted. Read the fol-
 lowing certificate:

"Being constitutionally predisposed to Consump-
 tion, (a number of my family having died with this
 disease) and having suffered from irritation of the
 Lungs, accompanied with cough and raising matter
 and blood, together with severe pain in my side and
 breast, till I was supposed to be beyond recovery, I
 was induced by advice of Dr. Perkins, as a last re-
 sort, to try 'Taylor's Balm of Liverwort.' I have
 taken five bottles in all. I began to improve with the
 first bottle, and while taking the third, was so far re-
 covered as to be able to get about. Since which
 time, by continued use of it, I am quite restored, and
 able to attend to my usual business. To persons suf-
 fering from coughs and affections of the Lungs, I do
 earnestly recommend it.

 Liverwort has an engraved label around each bottle,

DYSPEPSIA.—To soothe the sufferings of human-
 ity, to ameliorate the pangs of disease, is the
 grand object of medical science. This is efficiently
 demonstrated in the healing virtues of DR. BENJA-
 MIN BRANDRETH'S PILLS. The cures effected
 by this medicine would fill volumes.

Views on indigestion as a source of undefined and
 irregular Nervous Sensations.
 "Ill, small at first, grow larger from delay,
 And slowly eat their sad and cankering way;
 Thus by successive throes, the frame is torn,
 Till health and peace of mind alike are gone."
 The nerves of the human body—those necessary and
 mysterious agents which immediately connect man
 with external nature—are singularly prone to have
 their functions disordered by an oppressed condition
 of the stomach; the minute termination of that por-
 tion of the nerves expanded upon the organs of diges-
 tion conveying the morbid impression to the Brain.
 And although the Head can, undoubtedly, like other
 organs, be the seat of primary disorder, yet, in the
 great majority of cases, the uneasy sensations there
 experienced are symptomatic of disordered stomach;
 and, further, there is abundant evidence to prove that
 crudities in the stomach and bowels can, in every
 grade of human existence, give rise to spasmodic ac-
 tion in every organ of the body; and whether we sur-
 vey it in the agonizing form of the *Tic Doloréux*—
 the alarming convulsions of the Epileptic seizure—or
 in the irritable condition of the nerves of the heart
 occasioning nervous palpitation—they can all fre-
 quently be traced to the source above mentioned,
 and be cured by mild evacuant and tonic remedies.
 To relieve a state of so much suffering and distress
 (in which body and mind also participate) BRAND-
 RETH'S PILLS are confidently recommended; as,
 by combining aromatic tonic and cleaning properties,
 they remove all oppressive accumulations, strengthen
 the stomach, induce a healthy appetite, and impart
 tranquility to the nervous system; and in fact, by
 their general purifying power upon the blood, exert
 a most beneficial influence in all cases of disease.

DYSPEPSIA CURED.

BENNINGTON, Vt. Dec. 5th, 1843.
 Dear Sir:—I wish to add my testimony to the host
 of others that you have in favor of your valuable pills.
 In the year 1838, I was attacked with that disagree-
 able complaint the Dyspepsia, which so affected me
 that I could not take a particle of food, without the
 most unpleasant and uncomfortable sensations in my
 chest, head and bowels. My chest was so sore that
 I could not bear the slightest pressure without giving
 me pain. My health was most miserable; many
 physicians told me they thought I was in the consump-
 tion, and that if I did not give up my business, and
 change climate, I could live but a short time.
 I tried every thing in the shape of medicine, and
 consulted the most skillful physicians, but found no
 permanent relief. I became discouraged, gloomy,
 sad, and sick of life; and, probably, ere this, should
 have been in my grave, had I not felt in with your
 precious medicine. A friend of mine, who had been
 sick of the same complaint, advised me to try your
 pills; but having tried most other medicines without
 obtaining any relief, but little faith that your pills
 would be of benefit to me; but, at his earnest solici-
 tation, I procured a box and commenced taking them.

The first box produced little or no effect, and I be-
 gan to despond, for fear that your medicine would
 prove like others I have taken; but my friends argued
 that one was not a fair trial, and I purchased a second,
 and before I had taken the whole box I began to
 experience a change! the pain in my chest began to be
 less painful, and my food did not distress me so much
 as formerly. I went on taking them until I had taken
 six boxes, and my Dyspepsia was gone, and my ex-
 pectation of an early death vanished, and I felt like
 a "new creature." I was then, and am now a
 healthy man. I have never since been troubled with
 the Dyspepsia. I have administered your pills to the
 members of my family, and to my friends, and in all
 cases with good success. You can publish this if it
 will be of any use to you. I am, dear sir, truly yours,

THE WONDERFUL CURES
 Per-
 formed
 by Dr.
 SWAYNE'S
 Compound Syrup
 of Wild Cherry, in
 Pulmonary CONSUMP-
 TION, have excited the as-
 tonishment of all who have wit-
 nessed its marvellous effects; there is
 no account of a medicine, from the earliest
 ages furnishing a parallel; the almost
 miraculous cures effected by this
 extraordinary medicine, are un-
 precedented. One among
 the many certificates
 may be seen
 below.

CINCINNATI, Feb. 15, 1840.
DR. SWAYNE.—Dear Sir:
 PERMIT me to take the liberty of writing to you
 at this time to express my approbation, and to
 recommend to the attention of heads of families and
 others your invaluable medicine—the Compound
 Syrup of Prunus Virginiana, or Wild Cherry Bark.
 In my travels of late, I have seen, in a great many
 instances, the wonderful effects of your medicine in
 relieving children of very obstinate complaints, such
 as Coughing, Wheezing, Choking of Phlegm, Asthma-
 tic attacks, &c., &c. I should not have written
 this letter, however, at present, although I have felt
 it my duty to add my testimony to it for some time,
 had it not been for a late instance where the medi-
 cine above alluded to was instrumental in restoring
 to perfect health an "only child," whose case was
 almost hopeless, in a family of my acquaintance. "I
 thank Heaven," said the doating mother, "my child
 is saved from the jaws of death!" and I now say
 and believe that, beyond all doubt, Dr. Swayne's Com-
 pound Syrup of Wild Cherry is the most valuable
 medicine in this or any other country. I am certain
 I have witnessed more than one hundred cases where
 it has been attended with complete success. I am
 using it myself in an obstinate attack of Bronchitis,
 in which it proved effectual in an exceedingly short
 time, considering the severity of the case. I can re-
 commend it in the fullest confidence of its superior
 virtues; I would advise that no family should be
 without it; it is very pleasant and always beneficial—
 worth double, and often ten times its price. The
 public are assured there is no quackery about it.

 Formerly Pastor
 of the First Presbyterian Church, N.Y.

In districts where Calomel and Quinine have been
 too freely made use of in bilious complaints, &c., Dr.
 Swayne's Compound Syrup of Wild Cherry, will pre-
 vent their evil effects on the system, and act as a
 strengthening alternative and improve the bilious
 functions.

SANDS'S SARSAPARILLA.
 FOR THE REMOVAL OF IMPURE STATE OF
 DISEASES ARISING FROM AN IMPURE STATE OF
 THE BLOOD, OR HABIT OF THE SYSTEM,
 NAMEDLY:

*Scrofula, or King's Evil, Rheumatism, Obsolete Cut-
 aneous Eruptions, Pimples, or Pusules on the Face,
 Blotches, Scales, Chronic Sore Eyes, Ring Worm or
 Tetter, Scald Head, Enlargement and Pain of the
 Bones and Joints, Stubborn Ulcers, Syphilitic Sym-
 ptoms, Sciacia, or Lumbago, and Diseases arising from
 an injudicious use of Mercury, Acetate, or Dropsy, Ex-
 posure or imprudence in life. Also, Chronic Consti-
 tutional Disorders will be removed by this preparation.*

To promote the health of the body and increase
 the tranquility of the mind, are among the most
 important objects for which man lives, and for
 which the sages of antiquity labored with incessant
 and unremitting toil. The constitution of man was
 their study, in order to discover the seat of his mal-
 adies, and source of all his corporeal misery. To al-
 leviate the drooping spirits, to inspire confidence to
 the desponding mind, and ease the sorrowed heart,
 all the arts and arguments of their philosophy and
 powers of reason were turned. Among the varied
 branches of worldly learning, there can be none
 equal in importance to that of the Healing Art, for
 the soul in a diseased body may be aptly compared
 to the martyr in his dungeon, which retains its real
 value, but has lost its usefulness. Many of the most
 diseases have their origin in an impure or impoverished
 state of the blood, and this being a fluid sui generis,
 extending to the most minute ramifications of the
 system, the subtle poison is infused, and the seed
 being sown brings forth fruit in abundance; in one
 instance, causing a swelling of the glands, resulting
 in Scrofula, or King's Evil—in another, ossification
 of the arteries, or turning them into bone; also, rheu-
 matism, and disease of the heart, cutaneous eruptions,
 diseases of the liver, and a variety of other
 maladies, which soon hurry their victim to the grave.
 Sands's Sarsaparilla, a purely vegetable medicine,
 which is the result of years of labor and chemical
 research, in bringing it to its present state of perfec-
 tion, will arrest, and, if timely administered, per-
 fectly cure these diseases, by purifying the vital fluid,
 regenerating the constitution, dispelling diseased
 action, giving tone to the general energies of the sys-
 tem, and enabling the blood to course on freely,
 and bringing with it health and renewed vigor.

The following are extracts from letters recently
 received, and specimens of those coming to hand daily:

GALLATIN, Tenn., Feb. 27, 1844.
Messrs. A. B. & D. Sands.
 Gentlemen: I have just received a letter from my
 father in Russellville, Ky., who wishes to purchase
 some of your Sarsaparilla. I have no doubt he can
 be the means of selling a great deal, as it has per-
 formed a wonderful cure in his family. Last De-
 cember I was sent for to see my sister before she
 died, she having been in poor health for some two or
 three years, and at the time I went over to see her,
 she was at the point of death with the scarlet fever
 and a cancerous affection of the bowels, from which
 her physician thought she could not possibly recover.
 I carried over with me a bottle of your Sarsaparilla,
 and with the consent of her physician, she com-
 menced taking it that night. I remained with her
 three days, and left her rapidly improving. Her
 husband sent a boy home with me for more of the
 Sarsaparilla. I sent one dozen bottles, which I be-
 lieve will effect an entire cure. My father writes
 me to that effect, and wishes through me to procure
 an agency for selling your valuable medicine in that
 neighborhood. Respectfully, J. M. OWENS.

NEW YORK, Dec. 1, 1843.
Messrs. Sands.
 Gentlemen: Parental feelings induce us to make
 the following statement of facts in relation to the
 important cure of our little daughter, wholly effected
 by the use of Sands's Sarsaparilla. For nearly three
 years she was afflicted with a most inveterate erup-
 tion on the body, which at times was so bad, connect-
 ed with internal disease, that we despaired of her
 life. The complaint commenced in the roots of the
 hair, and gradually spread until the whole head was
 enveloped, and then it attacked the ears, and ran down
 the neck, and continuing to increase, until it covered
 the most of the body. It commenced with a small
 pimple or pustule, from which water at first dis-
 charged; this produced great itching and burning;
 then matter or pus formed, the skin cracked and
 bled, and the pus discharged freely. The sufferings
 of the child were so great as almost wholly to pre-
 vent natural rest, and the odor from the discharges
 so offensive, as to make it difficult to pay that particu-
 lar attention to the nature of the case required. The
 disease was called Scald Head and general Salt
 Rheum. We tried various remedies, with little ben-
 efit, and considered her case almost beyond the reach
 of medicine; but from the known virtue of your
 Sarsaparilla, we were induced to give it a trial.

Before the first bottle was all used, we perceived
 an improvement in the appearance of the eruption;
 but the change was so rapid for the better, that we
 could scarcely give credence to the evidence of our
 own eyes. We continued its use for a few weeks,
 and the result is a perfect cure. To parents we
 would say—If you have children suffering with any
 disease of the skin, use Sands's Sarsaparilla. With
 feelings of gratitude and respect, we are yours, &c.

ELIZABETHTOWN, N. J., Dec. 2, 1843.
Messrs. Sands.—Gentlemen: It is with heart-
 felt gratitude for your kindness to me that I make a
 public acknowledgment of the benefit I have received
 from your Sarsaparilla. I have been for many years
 afflicted with a cancer in the breast, and for four
 years it was, as I thought, incurable; it spread very
 fast, so that it had nearly covered the whole breast,
 and for many weeks I was so reduced with the loss
 of blood and the pain of the wound, that I was un-
 able to turn myself in bed, and my sufferings during
 the whole winter were more than I can tell. With
 the advice of my friends, I called two of the most
 eminent physicians of the place, who recommended
 your preparation of Sarsaparilla, knowing of nothing
 that would be as likely to help me; which advice I
 readily received, and before I had taken one bottle, I
 found a change in my feelings which induced me to
 take more, and when I had taken the third bottle, I
 was like another person both in health and strength.
 I have taken your preparation since last March, and
 although the wound is not entirely healed, it is in a
 very favorable state, and I believe it will be the
 means, ultimately, of my entire cure; and that the
 afflicted may all find the relief which it alone can
 give, is the wish of their and your friend,
 EUNICE WOODRUFF.

ASTONISHING AND TRUE!
 AMONG THE THOUSAND MEDICINES ad-
 vertised as certain cures for pulmonary complaints,
 JAYNE'S EXPECTORANT stands alone. Its path
 to the public confidence has been paved, not with
 pulls, but CURES; and the vouchers for its efficacy
 include an array of names which, for character and
 respectability, cannot be surpassed in this country—
 DR. JAYNE, being himself a Physician, does not
 profess to perform physical impossibilities; but he
 does assert, and is borne out by well authenticated
 facts, that in all DISEASES OF THE LUNGS
 AND CHEST, which are susceptible of cure with-
 out miraculous interference, his EXPECTORANT
 will restore the patient to health. No other medi-
 cine will remove the mucus or pus from the throat so
 thoroughly as this. It effectually looses the coagula-
 ted masses from the membrane which lines the tran-
 chia, and at every cough the patient will bring up
 portions of the disengaged matter. In all complaints
 of the pulmonary organs, even where nature seems to
 be making no effort to throw off the disease, JAYNE'S
 EXPECTORANT imparts vigor to the machinery of
 respiration, and enables them to disengage them-
 selves of obstructions which had impeded their free
 operation. It has restored hundreds to perfect health,
 after their physicians had given them up as incurable
 with CONSUMPTION. Coughs, Colds, Asthma, In-
 fluenza, Bronchitis, Whooping Cough, in a word, all
 diseases of a PULMONARY nature yield to this pre-
 paration, if properly administered.

Rev. J. S. Maginnis, Professor in Hamilton (N. Y.)
 Literary and Theological Seminary, says:
 "I would not be without Dr. Jayne's Medicines
 in my family for any consideration. I have found
 them successful in cases where all other means have
 failed."
 Mr. Nicholas Harris, corner of Front and Lombard
 streets, Philadelphia, was cured of COUGH, ASTH-
 MA, and
BLEEDING OF THE LUNGS,
 under which he labored for many years.
 Rev. Ira M. Allen, of New York city, says:—"I
 have used Jayne's Expectorant, and have more confi-
 dence in it than
ALL OTHER MEDICINES
 of the kind."
 Rev. Wm. Laws, Modestown, Va. says:—"I have
 used your expectorant, and found it an excellent medi-
 cine for PULMONARY DISEASES."
 Daniel Henshaw, Esq. Editor of the Lynn (Mass.)
 Record, says:—"Jayne's Expectorant is a very valu-
 able Syrup, which we have lately used with good ef-
 fect in stopping a Cough and loosening and breaking
 up a COLD."

Rev. Arthur B. Bradford, of Darlington, Pa., says
 that it cured his son of CROUP in a few minutes.
 The Bangor (Maine) Journal says:—"A trial of
 Jayne's Expectorant will satisfy all that it is a speedy
 cure for Coughs, Colds, Influenza, Asthma, Hoarse-
 ness, and all kinds of Pulmonary affections."
 Mr. Ebenezer Webster, of Providence, (R. I.) was
 cured of a severe ASTHMA, by using two bottles.
 Rev. Simeon Seigfried, was cured of Influenza, a
 Hoarseness, and a hard dry Cough by one bottle.
 Rev. Dr. Babcock, of Poughkeepsie, says that
 knowing Dr. Jayne to be a regular Physician, and
 having used his medicines personally and in his fa-
 mily, does not hesitate to commend them as safe
 and eminently useful medicines, and a valuable ad-
 dition to our Materia Medica.

Rev. John Segur of Lambertville, New Jersey,
 who was suffering with a hoarseness and soreness of
 the lungs and throat, and a suffocating Asthma, was
 cured by one bottle.
 Mr. J. L. Simpkins says that it cured his wife of
 CONSUMPTION, and one of his children of the
 WHOOPING COUGH.

Rev. Jonathan Going, D. D. President of Granville
 College, Ohio, says:—"He was laboring under a se-
 vere COLD, COUGH and HOARSENESS, and that
 his difficulty of breathing was so great that he felt
 himself in imminent danger of immediate suffocation,
 but was perfectly cured by using this Expectorant."
 Mrs. Dilks, of Salem N. J. was cured of Asthma of
 20 years standing, by using two bottles of this medi-
 cine. Mrs. Ward, also of Salem, was cured of the
 same complaint by five bottles. Dr. Hamilton of St.
 James, S. C. was greatly affected by a Cough, Hoarse-
 ness, and soreness of the Lungs, and on using a bottle
 of this medicine found permanent relief."

Lewis C. Levin, the distinguished advocate of
 Temperance, stated at a meeting of upwards of three
 thousand persons, that he should not have been able
 to address them, but for the use of 'Jayne's Expec-
 torant.' He said that he had been laboring under a
 hoarseness and severe oppression of the chest, that he
 had purchased some of the Expectorant the day be-
 fore, which had relieved him in a few hours, and he
 found himself, contrary to his own expectation, able to
 address the multitude.
 The proprietor could add hundreds of other names
 equally respectable, who recommend JAYNE'S EX-
 PECTORANT as superior to ALL OTHER MEDI-
 CINES for the cure of all the various Pulmonary dis-
 eases.

Prepared and sold by Dr. D. JAYNE, No. 20
 South THIRD Street, Philadelphia, where all his
 other valuable preparations may be obtained.

NO EXCUSE FOR A BALD HEAD.
 Since the important discovery of DR. JAYNE'S
 HAIR TONIC, every one may, if he chooses, pre-
 serve his hair from falling off, or if already bald may
 with certainty have his hair restored again by a faith-
 ful and persevering application of this valuable HAIR
 TONIC.

Please to read without prejudice the following
 communication from the Philadelphia Sun, which in
 addition to hundreds of others equally respectable
 should remove the doubts of every reasonable per-
 son of the uniform and singular efficacy of JAYNE'S
 HAIR TONIC:
 We publish the following letter from a sense of
 duty to the public. It is just such a letter as we
 should have expected from such a source. We know
 Dr. Quigly personally, and there is no man in the
 country, whose opinion is entitled to more respect—
 He is on all subjects honest and sincere, and his high
 character as a Physician can be attested by the first
 medical men in this city.—*Philad. Sun.*

Shepherdstown, Va. Oct. 10, 1843.
 Dear Sir:—You inquire of me whether I have used
 your Hair Tonic, and the effects.
 Several years ago my hair began to fall rapidly
 from the scalp, and I had the prospect of premature
 baldness. During several years I used various pre-
 parations recommended for the hair, from which I
 derived no benefit. At length a friend recommended
 your Hair Tonic. I used three or four bottles ac-
 cording to the printed directions, and at the end of
 six months, my hair was thick set, and since its ten-
 dency to turn grey was arrested.
 I have never before given a certificate, recommend-
 ing patent medicines, which indiscriminately used,
 as they often are, do much injury, but in a case like
 the present, where I know the article to be beneficial
 and that it can do no harm, I have no scruples in
 stating facts within my own knowledge.
 Yours, &c.
